Prague, 11 May 2016

SAZKAmobil pre-paid card offers the cheapest prices of calls from the EU

Since 30 April 2016, based on the EU regulation, new prices of roaming services have become valid. SAZKAmobil has updated its offer for customers ahead of time since not later than 1 April 2016, when the data tariff offer has been improved and the topping-up bonus increased to free 500MB.

“When prices of pre-paid card roaming services are compared, SAZKAmobil offers the cheapest prices, both in comparison with major virtual operators and with O2, T-Mobile or Vodafone. We are happy to reconfirm that SAZKAmobil customers make calls advantageously not only at home, but also abroad,” says Jan Schmiedhammer, the director of SAZKAmobil.

In all the countries of the European Union, i.e. in the Zone 1, SAZKAmobil customers pay CZK 3 per minute of outgoing calls, which is, on average, 40% cheaper than the price offered by competitors. This also means that the “Roaming Extra Charge” is only CZK 1 to the basic price of CZK 2 per minute of calls to all the networks.

One minute of incoming calls costs CZK 0.30. Sending an SMS only costs CZK 1.50 which equals to the basic price for sending an SMS in the Czech Republic. The price of data connection decreased to CZK 1.30 per MB, which represents at least a 20-percent advantage against the other compared pre-paid cards.
